The Michigan Onion Committee realizes 2020 is a year unlike any other. We planted our onion trials so we feel the need to gather to discuss the results. There should be plenty of space to social distance while looking at the trials. The dinner will be served in the open air greenhouse and tables can be spaced to give people room. Masks are encouraged when social distancing is not possible. We imagine attendance will be lower this year and we understand and hope to see you in 2021 if you can't make it this year.
